TECHNICAL SKILLS

Languages: HTML, CSS, SASS, JavaScript, TypeScript.

Technologies: React, Node.js, Express.js, MySql, User AUthentication, Jwt Token, Git , GitHub, Jira, Agile Development, DOM, Web Api, Deployment, Google Analytics.

EXPERIENCE

Industry-Project EA SPORTS,Brainstation, Vancouver, BC *APR 2023*

- Collaborated with a dynamic group of seven members to create an application that enhances social interaction among gamers.
- Played a significant role as a developer in crafting a user-friendly application, promoting effortless collaboration with data analysts, ux designers, and fellow developers.
- Utilized tools such as GitHub and Figma to enhance teamwork and project efficiency, resulting in the successful delivery of an innovative solution within an intensive time limit.

PROJECT EXPERIENCE

CardMute – React, JavaScript, JSON Web Tokens, SASS, Node.js, Express.js, Knex.js, MySql, Web API.

- Built a digital wallet web application from scratch to promote digital payments over plastic cards. The application includes customer information , authentication , balance , transaction history and more.

Travel Choice – React, JavaScript, Next.js, Openlayers, Geolocation, Web Api, Chakra UI.

- This project simplifies travel planning and exploration, offering a user-friendly web app with interactive maps, geolocation, and comprehensive data for better travel experiences and informed decisions.

InStock – React, JavaScript, SASS, Node.js, Express.js, MySql, Knex.js

- As part of a five-person team, developed an inventory management system to efficiently oversee multiple warehouses, achieving a reduction in operational costs through simplification and optimization.

Movies Lover – HTML, CSS, JavaScript, Web Api, Axios

- Contributed to the hackathon project as a front-end developer, crafting a user-friendly web app using HTML, CSS, Web API, and Axios to facilitate movie searches based on keywords. Our collaborative efforts successfully integrated an external API to showcase relevant movie results.

BrainFlix – React, JavaScript, Sass, Node.js, Express.js, Axios

- Developed a full-stack app with RESTful API endpoints in Node, enabled video uploads, and maintained responsive design using React, SASS, and Flexbox. Collaborated on design and project structure

EDUCATION

BrainStation | Diploma, Web Development

APR 2023 - JUNE 2023, VANCOUVER, BC

Kwantlen Polytechnic University | Diploma in General Studies, Major Business

JAN 2016 - 2018, SURREY, BC

CERTIFICATIONS

Google Data Analysis Certificate(Coursera).
